

# Wonderous Stories

**Founded as a trio in the early 1990's and blossoming into a 5 piece band in the late 90's, Wonderous Stories has snowballed into one of the top drawing bands on Long Island.**

The band plays regularly in the summer at Long Islands top outdoor venues as well as large venues in New York City. In the cold weather they pack popular clubs. **They are no strangers to playing full albums and album sides by the likes of, "Yes", "The Who", "Genesis", "Pink Floyd", "The Beatles", "Paul McCartney", "Traffic", "CSNY" and more!** Unless they are playing an entire album, you never know what you're going to hear because they don't know what they're going to play! Most of the time Wonderous Stories works without a setlist and is always willing to try something new... even without a net!

Their influences also include, Moody Blues, Jethro Tull, Badfinger, David Bowie, Elton John, Led Zep, ELP, Bruce Springstein, Allman Brothers and more. The audience is always amazed at the wide variety of rock classics they play with accuracy and with virtual ease.

**Every Wonderous Stories gig is a new and wonderful musical experience. Catch it !!!!!!!!!!!!!!!**

No doubt about it, this band is having fun and the energy projects strait thru to the audience. If you like your covers close to the edge, then look no further. They get up, ---- they get down. Enjoy.
